

Dragon's Dogma 2 Title Update

4.1.2024**[Xbox Series X|S]**

- Adding the option to start a new game when save data already exists.
- Changing the number of "Art of Metamorphosis" items available at Pawn Guilds in the game to 99.
- Making the quest that allows players to acquire their own dwelling (where they can save and rest) available earlier in the game.
- Adding the option to switch Motion Blur on/off in Options.
- Adding the option to set Frame Rate at Max 30fps in Options.
- Miscellaneous text display issues.
- Miscellaneous bug fixes.

[Xbox Series X]

- Adding the option to switch Ray Tracing on/off in Options.

*These options won't affect frame rate significantly. Improvements to frame rate are planned for future updates.

3.29.2024**[PlayStation®5 / Steam]**

- Adding the option to start a new game when save data already exists.
- Changing the number of "Art of Metamorphosis" items available at Pawn Guilds in the game to 99.
- Making the quest that allows players to acquire their own dwelling (where they can save and rest) available earlier in the game.
- Miscellaneous text display issues.
- Miscellaneous bug fixes.

[PlayStation®5]

- Adding the option to switch Motion Blur on/off in Options.
- Adding the option to switch Ray Tracing on/off in Options.
- Adding the option to set Frame Rate at Max 30fps in Options.

[Steam]

- Improving quality when DLSS SUPER RESOLUTION is enabled.
- Fixing an issue related to the display of models under some specific settings.

*These options won't affect frame rate significantly. Improvements to frame rate are planned for future updates.
